3. General “rule of thumb” for campus closure is two or more highways leading into the basin under R2 conditions (chains or 4WD w/ snow tires). In particular, snow days are determined by the status of Highway 89 from Tahoe City to Truckee, Highway 267 from Kings Beach to Truckee, and I-80 from Reno to Truckee. Road status is checked at 3:00 p.m.
4. For information on road conditions, call CalTrans Highway Information network at (800) 427-7623, or visit their website at [www.dot.ca.gov](http://www.dot.ca.gov) or [www.nvroads.com](http://www.nvroads.com).
